We need to begin to get ourselves organized for the Orf 401 term projects.

Please submit via email to alaink@princeton.edu by noon Wednesday March 14, a list of the partners with whom you will be collaborating. Since we will not have class, you can all meet and get yourselves organized.

Please submit to Blackboard BEFORE precept on MONDAY after break a brief description of what you'd like to do. Yes, you may continue to work with your partner or you can form new groups. Pairs work well, as do groups of 3, 4 and 5. Larger groups tend to have stragglers. Max size is 5 but you’d better have it well organized. A team leader must be identified. The team leader submits the response to Blackboard. Be prepared during the Monday March 26th precept to describe to the class your proposal.

I want submitted to Blackboard by 5:00pm Monday March 26th:

1. A title

2. List of all of your partners and the role that they will play in the preparation of your final course project

3. A 100+ word description/abstract of what it is that you'd like to accomplish and why

4. A first cut at a sequence of tasks/work-plan that you'll need to accomplish in order to have a successful project and which team member(s) is/are going to be responsible for carrying out each of the tasks

5. A sequence of about 10 mock-up/story-board screens. They can/should be sketched. If you do them with pencil and paper, scan them and include them in your preliminary proposal.

Have a great break.
